## NEGRO PASTOR TELLS ROTARY OF RACE ISSUE

"American will always be able to count on the Negro because the basic ideal of our nation is freedom for all. America we love, but we also want the freedom that is the basis of our democracy," Rev. Joseph Hagler, pastor of Shiloh Baptist Church, Carlisle, and minister to the migrants in Adams County, told the Rotary Club at its meeting Monday evening.

Speaking on "Race Relations," he told the Rotarians, "The Negro is not seeking companionship; he is seeking basic rights guaranteed all citizens of our nation. He wants the rights basic to Americans to have the opportunity to gain all the education he can afford and to buy the house he can afford, and to advance as far as his native talents and training take him."

### OPPOSE HOSTILITY

"In spite of the great progress of the last 100 years, the people of America cannot rest, the day of protest cannot be over, as long as there is segregation of any race. We do not believe in the supremacy of any race. As long as there is open hostility to the basic premises of our constitution we must all speak loudly, for silence might indicate consent to the breaking of the basic law of our land."

"Negroes are alive to the promises of the constitution. We will not be silent. We shall contend for full freedom as long as the constitution stands, as long as the law of God exists."

"We do not seek to bring on a campaign of hate. We are not desirous of prejudice. We appreciate the people of all races. We are as opposed to those who would say the Negro is superior, as we are to those who say the whites are superior. We do not go along with the Black Muslim nor the White Citizens Council."

### NO DEMONSTRATIONS

"We do not go along with any man who would take up arms against our white brothers whom we love. Our struggle is for freedom and we can take all we have to take in seeking it, because we believe God will care for us just as He did the Jews and other captive races."

Rev. Hagler was asked about rumors that there are plans for a Negro demonstration here during the Centennial week. He told the Rotarians, "I doubt if there will be any demonstrations. Actually the only protest I can see would be if motels failed to honor reservations because of race. And even if such a protest were made it would consist only of carrying signs to make the fact known to the public. But I can't see even that here. I know that a number have phoned motels where they explain they are Negroes and that they wished to check in advance lest they might suffer some embarrassment. And all of them have been told to come on, there is no discrimination."

In barring Miss Vivian Malone and James Hood, both 20, Wallace violated a sweeping injunction issued by a federal judge at Birmingham June 5.

That order, by U.S. District Judge Seybourn H. Lynne, ruled that Wallace could not interfere

HOLE-IN-THE-ROCK, Utah (AP)—The peace that prevails over the southern Utah desert was shattered Monday when a truck carrying 46 explorers overturned, killing nine Boy Scouts, two of their leaders and a woman reporter who was covering the venture.

The list of hospitalized reached 15, with at least two critical, as details of the tragedy slowly came from the scene of the accident in the remote desert area between Escalante and Hole-in-the-Rock on the Colorado River.

The group was from the Ogden-Salt Lake City-Provo area about 200 miles north. Most were Boy Scouts, but Floyd Lovernidge, chief executive of the scouts in Provo, said the trip was under the auspices of the South Cottonwood Stake of the Church of Jesus Christ of Latter-day Saints in the Provo area.

## POLICE ARREST DRAG RACER IN DOUBLE DEATH

State police investigation of the auto crash which claimed two lives early on the morning of May 25 on the Gettysburg highway just north of Littlestown resulted Monday in the arrest of Ray F. Houck Jr., 26, Littlestown R. 1, driver of one of the cars involved.

The other driver, Charles E. Yingling, 33, 67 W. Myrtle St., Littlestown, was killed in the accident as was a passenger in his car, Mrs. Shirley Vivian Kiser, 31, Taneytown R. 2, the mother of nine children.

State police Monday charged Houck with drag racing in an information filed before Justice of the Peace Robert P. Snyder.

Houck was picked up and taken before Justice Snyder where he posted \$500 bail for a hearing at 7:30 o'clock Thursday evening before Justice Snyder.

### BOTH DIED INSTANTLY

Reports by police at the time of the accident made no mention of drag racing as having been an element in the double tragedy. State police then said the accident occurred as Yingling, driving his car toward Littlestown, attempted to pass the Houck auto on the curve at the site of the cement works and quarry north of Littlestown.

The Yingling car ran off the curve, down an embankment and crashed through the door of a concrete block building and came to rest partly inside the building. Mrs. Kiser was thrown out of the car and into the building. The Houck auto ran off the west berm and rolled over on an embankment. Houck was alone and unhurt. At that time he was quoted as saying he did not know whether the two cars had collided before each ran off the highway. Both cars were demolished.

The Adams County coroner, Dr. C. G. Crist, said that both Yingling and Mrs. Kiser died of compound skull fractures. Both died instantly.

### PASTORAL CHANGES

### COVERS WIDE AREA

The Eastern District is the largest geographical district of the two and one-half million-member church body. Scattered over the entire eastern seaboard, delegates have been sent by 275 congregations from Pittsburgh and Wheeling to the eastern coast and from Ontario, Canada, to Florida.

District President Dr. Gordon S. Huffman, Washington, D. C., opened the convention Monday afternoon, reminding the delegates of "the tremendous responsibility that rests upon the church and upon individual Christians in today's world." Monday evening the delegates attended a service of Holy Communion in Christ Chapel. The sermon was preached by Dr. Stanley D. Schneider, professor of homiletics at the Evangelical Lutheran Theological Seminary, Columbus, O. Dr. Schneider is serving this week as convention chaplain.

### POLICE CHARGE MAN

Charles L. Reed, 237 M St., Littlestown, was arrested Monday by state police from the Gettysburg substation on a charge of furnishing beer to minors and contributing to the delinquency of a juvenile.

Taken before Justice of the Peace Robert P. Snyder, he pleaded guilty on both counts and was released on \$500 bail for August court.

The information alleges that Reed bought beer at the Two Mile Inn in Germany Twp. and gave it to a juvenile.

### 550 Clerical, Lay Delegates At A.L.C. Meet

"We live in an age when anger and hostility frighten us," said Dr. William F. Hulme this morning addressing the third annual convention of the Eastern District of the American Lutheran Church. "And, when we are faced with anger and hostility, we then have a compulsion to run or to fight." The convention is being held at Gettysburg College.

Dr. Hulme is professor of pastoral theology at Wartburg Theological Seminary, Dubuque, Ia. As convention lecturer he will address the delegates each morning on the theme: "The Minister as a Pastoral Theologian."

Speaking this morning on "Pastoral Care From the Bible," Dr. Hulme told the 550 clerical and lay delegates, "Too often our human nature motivates us to say something to people with a problem. Many times these remarks have little meaning. If we have nothing more to say than 'the expected thing,' it is better to keep still," he said.

### BRACKES FAILED

Utah highway patrolman Burt Giles said the truck was grinding up a steep grade on a dirt road that had been battered by the fierce desert winds and flash floods when the engine failed.

The brakes wouldn't hold and the 2½-ton cattle truck plummeted backwards down the incline. It finally hurtled off the edge of

## WALLACE TOLD TO STEP ASIDE

WASHINGTON (AP)—President Kennedy commanded Alabama's governor today to "cease and desist" from any illegal obstructions of justice or "conspiracies or domestic violence crisis."

Kennedy did so by a presidential proclamation shortly before two Negroes were scheduled to seek entry to the University of Alabama at Tuscaloosa in the face of a pledge by Gov. George C. Wallace to block the doorway in person.

Kennedy said he was acting under authority of the Constitution and laws of the United States.

Even as the proclamation was issued here at noon, EDT, Wallace had taken up a stand at the doorway to the university.

To the last, he was jut-jawed with defiance.

Before retiring Monday night, he told newsmen he would stand in the doorway today to prevent Vivian Malone and James Hood from registering.

When asked if he would physically stand in the doorway, Wallace replied: "How else can you stand there?"

Wallace refused a personal appeal from President Kennedy, who wired the governor: "I urgently ask you to consider the consequences to your state and its fine university if you persist in setting an example of defiant conduct and urge you instead to leave these matters in the courts of law where they belong."

Kennedy said there would be little danger of violence at the university if Wallace would stay away from the campus.

In reply, Wallace sent the President this telegram:

"My presence here guarantees peace. This is the opinion of all here familiar with the facts, including the legislature of Alabama and the president of the University of Alabama."

The university Board of Trustees backed Wallace.

The university campus was tightly sealed.

Blue-uniformed state troopers manned wooden barricades; they checked credentials of everyone who approached and kept a sharp eye on groups that formed nearby.

They patrolled the streets in squad cars and thronged the entrance and the lobby of the hotel where Wallace spent the night.

Col. Albert Lingo, state public safety director, said arrests had reached 22 up to the eve of the arrival of the two Negro students.

Those arrested were charged with illegal possession of weapons that ranged from pistols and clubs to bayonets, swords, tear gas equipment and needle-pointed hooks used for moving cotton bales.

Lingo said a Negro was arrested Monday when four sticks of dynamite were found in his home.

On every hand, automobiles flaunted flags of the Confederacy. One, attached to a radio antenna, was at half-staff.

Wallace arrived in this nervous and apprehensive city Monday afternoon.

Wallace toured the campus, shook hands with state troopers and students and visited the armory where National Guardsmen are on standby duty.

Stationed nearby in northeastern Alabama were several thousand federal troops, including units of the riot-trained 101st Airborne Division.

## SPEND \$31.87 EACH AT MEETS

The average convention delegate this year will stay 4.22 days in the convention city and spend \$31.87 each day.

A survey by the International Association of Convention Bureaus also turned up 6,270 national and regional conventions scheduled for 1963 in its 55 member cities. Attendance is expected to be 6,691,647.

Compared with its last survey in 1952, the number of conventions is up 5 per cent and attendance is up 35 per cent.

### MANY FLY

Also: More hotels have sprung up, competing with hotels for convention business; jet planes have cut time spent at conventions; October is still the busiest convention month, followed by September.

Internal Revenue crackdowns on expense accounts may be felt more as this year goes on. In early studies the National Association of Restaurants reported sales down an average of 16.4 per cent eight weeks after the new rulings and national hotel occupancy was 61 per cent in March 1963. It was 64 per cent in March 1962.

### NEW JUNE MARK

Monday's high temperature here was 91 degrees, a new high for this month and the equal of the previous high mark for the year. Rains overnight added 31 hundredths of an inch to the June total which is now close to two inches.

### REC MEET MONDAY

The Gettysburg Recreation Association will meet Monday evening at 8 o'clock in the Rec office.

## ACTOR LISTS QUALITIES OF IDEAL SPOUSE

NEW YORK (AP)—Typical of modern young men who are getting more difficult to please, even as they protest they aren't, is 21-year-old actor Tommy Kirk.

Just listen to Tommy try to prove that some young bachelors couldn't care less whether a girl can darn socks, wash clothes or even cook.

"I don't want somebody running around with her feet all bound up, bowing and scraping," he explains. "I want my wife to be so intelligent that there is nothing that I can do or say that she hasn't foreseen."

But who will do those little chores like feeding a big bruiser like Tommy?

"Who cares," he says. "You can always get somebody to do those things."

### WHAT HE WANTS

Tommy knows what kind of a girl he'd like. Exactly. Summed up, she'd be:

Look like Gainsborough's painting "Pinky."

Be serene, humble and patient as Brutus' wife.

As intelligent as Circe. (He had to go to Greek mythology for that one.)

And, naturally, he knows she doesn't exist. He doesn't expect to find her. But he doesn't think he'll be miserable if he doesn't. "I'll probably wind up marrying the girl next door," he says. "Maybe somebody even in show business."

But then he qualifies that. . . . "All the things I hate in people are personified in show business people. They can be vulgar, ugly, terrible, even when they have all that is beautiful and hopeful. And I don't set myself apart. I have these faults," he says.

### SEEKS PERFECTION

But restless Tommy searches for perfection because "perfection would never bore me. Repetition bores me." (Like having a girl cook dinner every night.)

Tommy knows he is the outspoken, soul-probing, melancholy type, typical of his generation.

He has just finished two movies, "Savage Sam" and "Merlyn Jones" and knows he'll make a new one soon, "but the wardrobe girl will know I'm going to be in something before I do," he says. "I won't know until they tell me to pick up the airline ticket."

He wants to go on the Broadway stage.

### LAST CONTACT

It's the last remaining contact with an audience for a personal triumph," he says. "You fail or succeed that way. I had a little taste of it in California. I have something and I want to give it in the best possible way."

His career is his hobby. He doesn't approve of people who are scared of life, burying themselves in an occupation where they have no contact with other people.

"If nothing else but because I am a ham, I want to be in contact with the world," he says.

He doesn't approve of people like Albert Schweitzer, who "withdraw from the ring, sit back in an isolated spot and make dispassionate comments about mankind."

Tommy feels it is right to criticize only if you are one of the mob.

Butcher Anderson, Judy Gehhart, Diane Stonesifer, Joey Ott and Allen Ott.

## MANY SEEKING RARE BOTTLES IN OLD DUMP

KEY WEST, Fla. (AP) — "Oh, you poor lady!" exclaimed a fastidious teen-ager, suddenly catching sight of a mud-streaked woman shoulder deep in a hole at Key West's abandoned city dump.

The "poor lady" needed no pity. She was having the time of her life. She was one of a growing number of bottle collectors who are making the deserted dump into an unusual tourist attraction.

Almost any time you pass by, you can see half a dozen or so people wielding shovels and "scratches." There are others whom you don't see because they're down in deep holes.

They come from all over the country to prospect in the wide stretch of vacant ground on the edge of the ocean. The area is littered with common bottles rejected by the diggers and sparkling with thousands of chips of broken glass, many turned violet by the subtropical sun.

The old dump was leveled off years ago and covered with a layer of sand so the waterfront could be improved with bath houses, picnic shelters and the like. A hurricane did away with the building but the sand remains. That's why collectors have to dig so deeply.

Once the desired level is reached, the shovel usually is abandoned for the "scratcher" — a three-pronged tool more generally used for cultivating flower gardens. It is employed gently. Old glass is fragile and the ancient flasks sometimes break as they're being retrieved. Numbers survive, though, and are borne off proudly to be washed and put on display.

Most of the diggers are well informed about their hobby. Some have sizeable libraries on the subject. A searcher will excavate a round-bottomed bottle, for instance. He'll give its age within a year or so and explain that the rounded end was to induce its return to the soft drink maker who used it.

Bottles were scarce in the days when the round-bottoms were in use and people wanted them for many purposes. However, a bottle that wouldn't stand up was of little value. So its owner usually got it back.

### THINK THEY'RE NUTS

Even children become experts. A beginning collector looked up the other day to find a little blonde girl regarding the newly dug bottles.

"You've got a schnapps bottle," observed the small one. "That's a good one."

Of course, many people think the diggers are nuts. Uninitiated passers-by, attracted by the activity, will peer down into a hole and ask what's going on. "Looking for old bottles," comes the reply.

The questioners usually shake their heads sadly and turn away.

## Urge Farmers To Have Plenty Of Insurance

Sixty county farmers who have farm ponds were urged to carry "plenty of insurance" as a safety measure Monday evening at a meeting at the Stuart Lucabaugh Nunda Fruit Farms, near Hanover. Three specialists on farm pond problems spoke.

Henry Mattox, of the county Soil Conservation district staff, urged good initial construction to prevent leakage but said that when leaks develop, ponds may be drained and bentonite or polysulphate used to solve the problem. Ponds must be drained and dried, he said. He recommended polysulphate as the more economical material.

There were several problems for overcoming the common problem of muskrat damage to ponds retaining walls. Ripping with crushed limestone to a depth of two inches was suggested and another suggestion was to use a ditcher to make a three-inch trench around the pond to a depth of six feet and fill the trench with concrete.

### PERMIT TO KILL

To kill muskrats as a control measure, permission must be secured from game protectors, Mattox said.

York County Farm Agent John Smith recommended the use of 100 pounds of 8-8-4 fertilizer to farm ponds starting in May and the dosage may be repeated if necessary. The need for additional fertilizer may be checked by testing the cloudiness of the water, he said. He said fertilizer should not be added later than August.

If chemicals are to be used for weed control, permission is needed from the area fish warden. If fish are killed by chemicals where no permit has been secured, penalties may follow, Smith said. Such materials as 2-4-D and 2-4-5T are available for control of aquatic weeds, Smith said. Information on their use is available from the county agent.

### WARDEN SPEAKS

Paul Martin, district fish warden, said too many bluegills can wipe out bass in a pond and if a farmer has to "start over" on stocking his pond it was recommended that the pond be drained and the first sorted or rotenone could be used to kill all the fish in the pond. Permits are required for such procedures, the farmers were told.

Martin recommended bass or bluegills for farm ponds or said golden shiners may be placed in fingerling sizes.

On the question of who may fish legally in farm ponds, Martin said only the owner and his family or the tenant and his family, if they reside on the property, may fish without a license. Others must be licensed.

Robert C. Lott, president of the Adams County Soil Conservation Service Committee, presided during the program.

## SHADY GROVE P.O. IS ROBBED

State police and postal inspectors have joined forces in an investigation of a weekend burglary of the Shady Grove post office, near Waynesboro, which netted more than \$3,000 in cash and postage stamps.

Forcing their way into the post office building along Route 16 in the Antrim Twp. community late Saturday night or early Sunday morning, the burglars apparently worked in leisure. They forced open a heavy, 1,100 pound safe and vanished with its contents of cash and stamps.

Police said the loot included \$1,700 in cash and \$1,324.50 worth of postage stamps. The cash included nine \$100 bills and six \$50 bills.

### STAMPS STOLEN

Stolen stamps were itemized by denomination as follows: 1,000 one-cent stamps; 4,000 four-cent stamps; 7,500 five-cent; 200 eight-cent; 200 nine-cent; 300 10-cent; 200 15-cent; 275 20-cent; 250 each of 25, 30, 40, 50-cent and \$1 stamps. In addition, the loot included 200 four-cent stamped cards and 200 five-cent stamped envelopes.

Entrance to the building was gained by forcing open a rear window. Once inside the building, the burglars "peeled" the steel from the corner of the door of a Mosler safe owned by the Post Office Department. They then removed a section of the concrete inner liner and used a pry bar to pry back the locking pins and open the safe doors.

Gerald Gearhart, postmaster, discovered the robbery.

He urged sale of tickets to increase the profit for the club.

Harbaugh also reported on further plans for the Jaycee Campaign Gettysburg program which opens Saturday with a Drummer Boy contest and a ribbon-cutting ceremony and continues with activities nightly in Lincoln Square during the following week.

Lt. Col. Corvan Bryan urged residents of the county who have ancestors from the county who fought in the Civil War to join in the program to be held by the Adams County Civil War Centennial Commission July 2 by placing either bouquets of flowers or wreaths at the Adams County Civil War Monument in honor of their ancestors during the ceremony.

Vice President Rev. Robert A. MacAskill presided at the meeting.

## Edward Stine Wins Photograph Honors

Edward Stine won top honors in both the monochrome and the color slide competition at the June meeting of the Gettysburg Photographic Society Monday evening at the home of Philip Tyson, near Idaville. Arrangements were made for the society's annual outing Sunday, July 14.

It was a Gettysburg National Park scene that won first place for Stine in the monochrome division. Second place was won by a picture of a New England covered bridge taken from across a mill pond by Joseph Kendelhart. A slide shot of three flamingos topped the color slide section of the show. Another Stine picture of a curassow bird by Stine placed second. Third place was a tie between a Quebec scene by Dr. C. A. Sloat and a woodland scene by Joseph Kendelhart. Fourth place went to David Garfinkle for a sky at sunset.

The next regular meeting will be held Monday, September 9.

### MOTTER SPENT \$965

## STATE AUDIT IN BERMUDIAN TURNS UP LIST OF '59 FLAWS

The state auditor general's department has sent The Gettysburg Times a report on an audit of the school districts in the Bermudian Springs joint school system for the year ending July 5, 1959, with a copy of the various recommendations made to the individual districts for correction and improvement of financial procedures.

The longest list of corrections was recommended in the case of Huntingdon Twp.

In Huntingdon, the auditors found no surety bond was carried on the board secretary and no bond was furnished by the school's depository. The auditors recommended that the district comply with state law providing for the start of the school fiscal year the first Monday of each July. The auditors criticized the practice of entering items in cash journals in no permanent form and that proper procedures be followed in making corrections. Then the auditors added eight specific recommendations calling for use of dates in journal entries, classification of entries, proper handling of year-end transactions, securing of duplicate deposit slips, more accurate minutes, including monthly financial reports in the minutes, and notation in the minutes that public notice was given on proposed budgets.

**OTHER RECOMMENDATIONS**

Similar but less numerous recommendations were made for East Berlin where the treasurer did not submit monthly reports, sections of the budget were over-spent without transferring funds, year-end transactions were not handled correctly and more accuracy was required in minutes. The use of duplicate deposit slips was urged and monthly treasurer's reports were to be listed in the minutes as were notices of budget meetings.

In the case of Latimore Twp. the auditors made only four suggestions. The directors were urged to comply with state school code sections providing for fund shifts to cover expenditures, require the depository to make monthly reports, give complete record of public notice of budget meetings and comply with fiscal year requirements.

The Reading Twp. audit brought these results: Recommended the school board secretary comply with state law in signing minutes of meetings, ask the treasurer for monthly statements, comply with state law in transferring funds in over-expenditures of sections of the budget, establish books of account and classify cash journal entries, use duplicate deposit slips and handle properly year-end and fiscal year matters.

Procedures followed by York Springs school directors brought a long list of recommendations: That the secretary be required to post a surety bond, that the treasurer be required to post a bond, that care be given to over-expenditures both the entire and sections of the budget, that proper year-end and fiscal year practices be followed, that accuracy of school board minutes be increased and that monthly treasury reports be included in the minutes.

In the case of the audit of the records of the joint district itself, the auditors found the treasurer did not submit monthly reports and the budget was over-expended in total and in particular items. Improvements were urged in the handling of fiscal year and year-end transactions.

The report also covered the now nonexistent Conewago Independent District but no recommendations were made.

## SPAHN SAYS HE HUNGERS FOR HURLING SKILL

By JOE REICHLER

Associated Press Sports Writer

NEW YORK (AP)—The more time you spend with Warren Spahn the more he ceases to impress you as a superlative pitcher. Instead he strikes you as a particularly gracious man.

And like most gracious men, the brilliant left-handed pitcher of the Milwaukee Braves doesn't realize his own greatness.

"A pitcher has to keep learning," said the man who has won more games than Lefty Grove, Carl Hubbell, Herb Pennock, Rube Waddell, Eddie Plank or any other southpaw who ever challenged a hitter.

"They say I'm a polished pitcher. To an extent, they're right and I appreciate the compliment, but I'm still learning."

### STILL LEARNING

"I'll keep right on doing it as long as I'm in baseball. When I stop learning, I'll be through."

Spahn's incredible hunger for pitching knowledge goes a long way to explaining why, at an age, 42, when most athletes are sitting home by the fireplace reading their fading clippings, he stands at the top of his profession.

With more years behind you than you might care to remember, with the smoke on your fast ball admittedly thinned to a slight haze, what concessions do you make to the hitters today, Spahn was asked.

"You don't make concessions," replied the man who numbers 20-no-hitters, 56 shutouts, a dozen 20-victory seasons and nearly 340 major league triumphs among his amazing achievements.

"If you concede one little thing, pretty soon you find yourself conceding another, then another, and before you know it, you have become run of the mill."

"I know this? If Spahn doesn't win there are three left-handers on the club ready to take my job."

## Civil War Drummer Boys To Compete Here On Saturday

At 2 o'clock Saturday Civil War drummer boys will assemble in Lincoln Square to compete for trophies as "Drummer Boy of the Union" and "Drummer Boy of the Confederacy."

"This contest," said Donald H. Becker, general chairman for the sponsoring Junior Chamber of Commerce, will be preceded by a ribbon-cutting ceremony in the series of activities for "Campaign Gettysburg" days which will run through June 22.

Each contestant will wear a Civil War drummer boy's uniform and will be judged on drumming ability, authenticity of uniform and showmanship.

Becker said the committee is indebted to Paul Grove of the Gettysburg High School faculty for his assistance in preparing drum exercises including measures from "British Drummers' Call," "Sentry Box," "The American Flag," "Downfall of Paris" and "Connecticut Half-time."

Names of the competitors will be announced this week.

Pvt. Kenneth Lee Smith is one of the candidates registered in the Civil War Drummer Boys' contest. He is regimental drummer, 17th Virginia Infantry Regiment, C.S.A., Alexandria, Va.

## Convicts Offer Blood To Save 2 Boys; 1 Dies

NEW YORK (AP)—This is the story of two boys and 76 convicts. The boys are brothers—Mike and Pete Meurer—2 and 4.

The two youngsters developed hemophilia at birth, a disease which prevents the blood from clotting, often causing its victims to bleed to death from a scratch. Mike bumped his head on his crib last week and was rushed to Miamondes Hospital in Brooklyn where he was given blood transfusions.

Soon after Pete struck his leg against a chair. He was taken to the same hospital for transfusions. Thomas McCarthy, serving time in Queens County House of Detention on a weapons charge, read about the boys and how they each require about 100 pints of blood a year just to stay alive.

He asked fellow inmates to donate blood for the boys.

Then he wrote a letter to the boys' parents.

"We are getting together, 76 of us out here, and are donating a pint of blood apiece to help

### SCHOOL PHYSICIAN

Approval was given for the installation of a plywood room divider in a special education room at the Eisenhower School at a cost of \$265. The school district will reap some rental benefits from the change, the board was told.

Dr. Robert S. Lefever was named a school physician and Dr. Raymond F. Sheely, school doctor for a number of years, was designated as medical director for the school system. The need for election of a doctor had existed since Dr. Harrison F. Harbach resigned recently.

The Band Parents were given permission to operate refreshment stands near the high school underpass during centennial week but the administration is to direct where the stands may be placed.

Donald Tiziana, junior high school guidance counselor, was granted a year's leave of absence to accept a National Defense Education Act award of a year of guidance training at the University of Buffalo.

### OKAY BAND CAMP

The board gave permission for the Band Parents to plan again this summer for a band camp August 25-29 at Camp Swatara, near Indiantown Gap.

After some discussion, the board deferred until a later meeting a proposal to change salary provisions for the position of administrative assistant, now held by Richard A. Folkenroth. A teacher committee recommendation had proposed to remove proposals for annual increments but lift the present salary ceiling from the position.

Gettysburg Jaycees were given permission to use the junior high school cafeteria for a record hop August 10. They will pay the usual rental. A request of Alfred Karrasch, a high school student, for permission to use school rooms to give private accordion lessons this summer and through the next year was referred to a committee for development of a policy on such requests.

Routine resolutions were passed transferring school funds between divisions of the school budget, an annual procedure in June.

### OTHER BUSINESS

School administrators in attendance at the meeting announced that summer reading classes started Monday for six weeks with about 90 enrolled. Typing classes also began for the same period with 27 pupils.

Business Manager Kenneth G. Reinhardt Jr. reminded member boards that two rental payments are due this month. Current bills

WASHINGTON (AP)—President Kennedy today named Undersecretary of State W. Averell Harriman as chief U.S. negotiator in upcoming talks with the Soviet Union and Great Britain on the nuclear testing stalemate.

Harriman is a former ambassador to Moscow, where the three-power sessions will be held in July.

His appointment as chief negotiator for this country came 24 hours after Kennedy announced a renewal attempt will be made to work out a treaty banning nuclear weapons tests.

## GARDEN CLUB WILL JUDGE WINDOW BOXES

Members of the Garden Club will represent Gettysburg's Junior Chamber of Commerce in judging window boxes prepared by "Campaign Gettysburg" participants, it was announced today.

Mrs. Robert Reynolds, Gettysburg R. 2, president of the Garden Club, said the following rules have been established: Material in window box must be fresh plant material; all entries in competition must be completed by Thursday, June 13; entries eligible for prizes must be those who participated in "Campaign Gettysburg"; judging will be based on originality, composition, color and condition of plant material and will take place Monday.

"There will be two divisions in the competition," Mrs. Reynolds said, "commercial and residential. There are three awards, best single window box, best group of window boxes placed by business establishments and best single box placed at a residence."

All awards will be presented Saturday, June 22, when "Campaign Gettysburg" days terminate in an auction of prizes in return for special Confederate Dollars to be distributed on purchases from Campaign Gettysburg Days participants, June 15-22.

The Garden Club consists of both men and women of the Gettysburg area. Their prime objective is to increase the beauty of the city and area through their study, planting and appreciation of flowers and other garden plants.

## Name Delegates To Vets' Convention

Six members of the Gettysburg Barracks of World War I Veterans Monday evening were named delegates to the district convention July 14-17 at Erie. They are J. M. Kline, Frank Merriken, Jesse Leatherman, Clarence Frailey, Harry Carbaugh and Roy Alexander. The group met in the American Legion home.

Five delegates attended the Seventh District meeting Saturday in Mechanicsburg where Commander Kline was installed as junior vice commander of the district which comprises nine counties.

Kline said that local World War I veterans who join the organization before July 1 will be considered charter members.

### 4-H CLUB MEETS

The next meeting will be held July 8 at the home of Michael Gitt, Gettysburg R. D., in the form of a picnic.

## VIOLENCE SEEN IN ELECTIONS IN VENEZUELA

By PAUL FINCH

CARACAS, Venezuela (AP)—Still battling diehard Castro-Communists, Venezuela is hurtling toward an historic and probably violent election for the successor to President Romulo Betancourt.

Four candidates already are campaigning at full tilt and a fifth will appear next month—the long-awaited choice of Betancourt's own big worker-peasant party, Democratic Action.

No matter who wins the mere election itself would be a victory for democracy in this oil-rich but underdeveloped country.

### UNDER RED ATTACKS

Betancourt has been under attack by Communists—as well as right-wing plotters—since shortly after he took office in 1959 and refused to let Communists take part in his coalition government.

It was hardly a surprise to any Venezuelan a week ago when a special commission of the Organization of American States said Fidel Castro's Cuba has picked Venezuela as its principal target.

Betancourt appears to have gathered local support gradually as he has taken his own steps against Communists in answer to terrorism, oil installation sabotage, and two full-scale revolts last year.

He has suspended the Communists as a party and banned them from the presidential and congressional elections, tentatively set for November. He has asked the Supreme Court to outlaw the party entirely.

### ASKS STIFFER LAW

Apparently weary of temporarily suspending constitutional guarantees to gain extra police powers, Betancourt last week asked Congress to pass an emergency law providing the first stiff sentences for terrorists who shoot policemen and burn down factories.

Diplomats say Communists have lost prestige in Venezuela since 1958, when they took credit for helping to oust dictator Marcos Perez Jimenez.

Betancourt's successor must be as strong as he or it will be possible to overthrow Venezuelan democracy, say diplomats.

Betancourt is believed to be sounding out the army, the church and other influential groups for opinions on the candidate that should be picked at his party's convention next month.

Democratic Action claims more than a million peasants and workers plus several thousand government employees will be the decisive factor in the expected November turnout of 4 million.

E. B. Jones.

The general chairman for the supper meeting was Mrs. William Musser. Members of Circle III, Mrs. Francis Reinberger, chairman, served as hostess. Mrs. Reginald Deitz and Mrs. A. R. McCauslin were greeters. More than 60 members were present.

FIFTY YEARS AGO

Home Talent Vaudeville: One of the smallest audiences on record greeted one of the best home talent shows ever given in Xavier Hall when a delightful vaudeville entertainment was produced by members of the Xavier Literary and Dramatic Society. For two hours those fortunate enough to be present enjoyed sketches and stunts that were well prepared and given with a finish that would have done credit to far more experienced players. An overture opened the program and at the second number Miss Mary Ramer and Martin McSherry produced the skit "A Martial Mishap." Two love letters written for butler and maid and the laughable complications which followed were well worked out by the "team." Mrs. Harry Culp, Miss Ruth Hamilton, Miss Anna Eckenrode and Miss Jennie Althoff, listed as the "Four Rose Buds," sang several songs and the "Xavier Comedy Six" produced another merry sketch in "Tangles." Mistaken identities featured this number and the case of six mixed matters most successfully. They were Miss Lucy Redding, Miss Marie King, Miss Anna McSherry, William Abel, Edward Swisher and Frank Slonaker. Charles Stock was greeted with appreciative applause in several popular songs and the program concluded with a musical playlet, "Country Lanes and City Streets" by Miss Zita Ramer and Miss Grace Ramer whose songs and dances captivated all who were in the hall and closed successfully an entertainment which would bear repetition before a much larger audience.

Local Notes: Mr. and Mrs. George E. Stock are in Philadelphia attending the commencement of Drexel Institute where their son, Joseph Stock, graduates in architecture. W. F. Gilliland, Carlisle Street, is in Elizabethtown, attending the dedication of the Masonic Home. The G. W. Weaver and Son store building is being repainted. Cement walks have been laid in front of the properties of the United States Express Co., W. F. Codori, Mrs. Wolf and Mr. Allison, on York street. A cement walk is to be laid in front of Dr. Markley's property next to his office. All persons wishing to bid on grading on "Kurtz Playground," also grass on same, are asked to apply to Amos Eckert.

New Course For Town School: The establishment of a department of domestic science in the Gettysburg High School was determined upon at the regular June meeting of the School Board. Miss Helen C. Day of Baltimore was elected as teacher for the department at a salary of \$65 a month. She will enter upon her duties with the opening of the school term in the fall. She is equipped to teach cooking, sewing, dress making, millinery and other allied subjects. Miss Frances Fritchey, a member of the High School faculty, and Miss Mary B. B. Curry, teacher of the Colored School, did not apply for re-election. All the other teachers were re-elected at the former salaries with the exception of Miss Elizabeth Rummel who received an increase from \$55 to \$57.50 per month. A proposition of the Parent-Teacher Association to establish a course of music in the town schools has been accepted—the association to pay one-half of the teacher's salary and the school board the balance. No instructor has been chosen.

Fifty Years Old: Among the exercises of the week at college is the celebration of the fiftieth anniversary of the founding of Theta Chapter of the Sigma Chi Fraternity. A large number of alumni have returned for the events of the week which include a dance and reception this evening after the musical clubs' concert.

## Today's Talk

## EXPECT THE THING

One reason why so many people are disappointed in their lives, and in life is because they expect so little—or nothing at all.

A friend once sent me a quotation stating that "our habit of expectancy determines what comes to us." He who writes this down and makes it the pivot about which all his efforts center, is not going to be disappointed in results.

The person who expects failure is rarely disappointed in its attainment. On the other hand he who is forever expecting good things to come to pass, who is forever planning, working, and dreaming about the thing most desired, also is not going to be disappointed.

We weave our own destinies. Even as the maker of an exquisitely designed rug sees the picture of his completed work, after long days and months of weaving and the watching of each process!

People who are forever worried about news, wear their nervous systems all out, and are thus less prepared to meet grave responsibilities or emergencies—if they do come. But if good things, and happy events are expected—and they do come suddenly, there is created a certain reserve which tides one through unhappy events to happy ones.

Expect the unexpected! How it overwhelms one with joy, and gives glow to an otherwise dull and dour existence.

It is said that "hope springs eternal in the human breast." Let us believe it. Let us live in hope. Meanwhile, keep busy! We never know what a day may bring forth, but if we expect that it is going to bring something good and valuable, we are already in preparation for its receipt.

Emergence "the one in fifty"—by expecting that you will!

## Says Red Lenses Make More Eggs

SANTA ROSA, Calif. (AP)—A Santa Rosa inventor wants chickens to see red and to do the job he has developed contact lenses that a chicken can wear permanently.

A. W. Schriener said he noticed chickens with cataracts were better behaved than others and their egg production was good. He hit on a red plastic contrivance to distort the vision of healthy chickens.

Schriener says since everything the chicken sees is red, bleeding injuries do not attract it and cannibalism is prevented; the birds no longer fight; they stop chickens from picking over their food and wasting it and they reduce emotional stresses and egg breakage.

## PERU IS NEAR CIVILIAN RULE

LIMA, Peru (AP)—Peru appeared headed today for a return to civilian rule as Fernando Belaunde Terry, a U.S.-trained architect, built up a decisive lead in unofficial presidential election returns.

The ruling military junta, which annulled last year's election on fraud charges, remained silent on Sunday's balloting which was marred by voting irregularities. But they worked to the disadvantage of the military's chief opponents, the members of Victor Raul Haya de la Torre's American Popular Revolutionary Movement (APRA).

With the support of both Roman Catholics and Peru's small, outlawed Communist party, Belaunde held about 40 per cent of the vote. He was well ahead of the one-third plus one of the total votes required for election.

Despite his unsolicited Communist support, Belaunde is considered a staunch friend of the United States.

Haya de la Torre was running second. The military stepped in last year and voided the election when it appeared he would win. He led an antimilitary revolt in the 1930s.

## Jailbreakers Steal Prison Bloodhound

WHEELING, W. Va. (AP)—Police searched today for two prisoners who took special care to cover their tracks when they made their getaway Monday. They took the prison bloodhound with them.

Authorities of Camp Fairchance, a minimum-security branch of the state prison system, said the inmates had been assigned to train the dog to track prison escapees. The fugitives, Harry B. Allen, 34, and Clyde Shears Jr., 28, were serving 1 to 10-year terms for grand larceny.

## SLUGS COLUMNIST

HOLLYWOOD (AP)—"It was just the straw that broke the camel's back."

So said actress Shirley MacLaine today in explanation why she slugged movie trade columnist Mike Connolly Monday. "Mike has been printing untrue things about me for six months," the actress said. "I went over to his office. He thought I had just come in to discuss things with him, but I resorted to the only defense a woman has—I slugged him."

## MAHARIS HAS HARD TIME TO REGAIN WORK

By CYNTHIA LOWRY  
AP Television-Radio Writer  
NEW YORK (AP)—George Maharis quit the cast of "Route 66" more than six months ago, claiming his health wasn't up to the job. Now he is in the strange position of a healthy young man, much in demand, who wants to resume his career, but can't.

Maharis claims he was notified by CBS that he was a free agent last month as far as his commitments to "Route 66" were concerned because the package of the show had found in Glenn Corbett a "suitable replacement."

The dark-haired, intense young actor, who has become a popular singing star with hit records, was talking happily last week about making his singing debut next Sunday on the Ed Sullivan Show, a date which has been made and broken three times in the past three years.

Apparently Sullivan wasn't so certain—he never announced Maharis' forthcoming appearance. Now, it has been postponed—again. The packages of "Route 66" have, according to Maharis' representatives, served him and CBS with legal papers and seek to enjoin him from working for anybody else.

Maharis and Lancer productions, the package have been at odds for the better part of a year. First Maharis quit the show, suffering from hepatitis. Then he returned, claimed he was required to work too many hours during a convalescent period, and quit again.

Now, he says, he feels fit. He recently cut a new record, and has been rehearsing "The American Way," a drama for a future television series produced by David Susskind, looking over movie scripts and talking to CBS among others—about a future television series.

"I don't even think about 'Route 66,'" he declared—last week. Meanwhile, the injunction is scheduled for court argument June 20, so the earliest Maharis can get on Ed Sullivan's show will be autumn.

## HOLD HEARINGS ON RAYON FIRM

SAN JOSE, Calif. (AP)—President James M. Hatt of the FMC Corp., answering a government anti-trust suit, said Monday, that his firm's proposed take-over of the Philadelphia-based American Viscose Corp. would increase competition in the chemical film and fiber industries.

The government filed suit Wednesday to block the acquisition, contending it would give FMC competitive advantages in marketing rayon and packaging machinery used by cellophane buyers.

The government described American Viscose as the nation's largest producer of viscose rayon and the second largest producer of cellophane. FMC produces and markets various chemicals and packaging machinery, and armed forces products.

## New Trotting Track A Complete Success

WASHINGTON, Pa. (AP)—The Meadows, a new \$5 million trotting track four miles north of Washington, had its first test Monday and a spokesman said its special track surface was a complete success.

The head of the Meadows, Del Miller, piloted "Meadow Heine" around the track himself in the first workout. The mare completed a one mile pace over the mile oval in 2 minutes 5 and 3/5 seconds.

The spokesman said the time was "wonderful," adding, "This is a few seconds faster than the average times registered in pari-mutuel meets."

The Meadows track is a specially compounded synthetic resin designed to be a durable, all-weather, non-slip surface, the first of its kind in the world.

Opening day is June 28 for 50 days of harness racing.

# Black Muslims Want Separate Negro State, "Messenger" Declares

EDITOR'S NOTE — What do the Black Muslims want? Are they serious about demanding a portion of the country for their own Negro nation? Associated Press writer Relman Morin, who won one of his two Pulitzer Prizes for coverage of the 1958 school integration riots at Little Rock, Ark., talked to Black Muslim leader Muhammad Elijah. Here is an insight into the thinking of the leader of the extremist cult.

By RELMAN MORIN PHOENIX, Ariz. (AP)—"By nature, the black man was created good. By nature, the white man was created evil."

Therefore he says, the Negro must separate himself completely from the white society in the United States.

Muhammad Elijah is the leader of the Black Muslims. To thousands of Negroes—their number is never stated—he is "The Messenger."

His features are thin and ascetic. The bone-structure of his face is delicate. He has a gentle manner and speaks in a soft, measured cadence. Only his large eyes reflect the fire within.

They glowed with a deeper intensity when he said: "The situation will get worse. It is due to the merciless treatment accorded our people."

**PRESCRIBES DOCTRINE** He lives simply, in a pretty but unpretentious bungalow in Phoenix. From there, he travels widely, spreading his doctrines—the

complete separation, not the integration, of Negroes and whites in the nation.

He does not preach violence. But does he hate the white man? All white men?

"The Messenger" often answers by indirection, and he now says: "The Bible teaches us to love good and to hate evil. I can't love man (the white man) because he is the very essence of evil."

One of his basic doctrines—the autonomous Negro nation—has not been fully understood, he says. He explains the two alternatives:

"First, let us go back where we came from (Africa).

**WANTS ASSISTANCE**

"But if we can't be sent back where we came from, why not do this: let the government set up some territory, or a state, for ourselves. Help us to produce the necessities that we are not able to produce for ourselves. Give us 20 or 25 years to become self-sufficient."

"If we don't, it's not the master's (the white man's) fault. Then you can come in with your guns and kill us all."

This Negro nation, he says, is the ultimate goal of the Black Muslims.

He took the first step in Detroit in 1931.

One day, he met a man named Wallace Fard.

He says of Fard: "I recognized him to be God in person and that is what he said he was, but he

forbade me to tell anyone else. "MET GOD"

"I was a student of the Bible. I recognized him to be the person the Bible predicted would come 2,000 years after Jesus' death. It came to me the first time I laid eyes on him."

"He whispered in my ear, 'Yes, I am the one. But who else knows it?' Then he told me to keep quiet."

Negro slaves in America often took the master's name as their own family name. Hence, the Muslims call themselves "X."

Muhammad Elijah says the original humans were black. Noting that there are white, yellow, brown, red and black races on earth today, he says: "You can get red, yellow, brown and white from black, but you can't get black from any of those colors. Black is the No. 1 color."

Therefore, he says, Adam and Eve must have been black. He asks, "How could they be the father and mother of both the black and white man?"

Joining the Black Muslims, however, is not like joining a church, he says.

**"LOST NATION"**

"This is the case of a man who already belongs to what you are inviting him into but doesn't know it. The teaching is to acquaint him with the fact that he is a member of the nation he has been lost from. He is asked if he would like to take his place again with his own kind."

In 1942, Muhammad Elijah went to jail for refusing to register for the draft. He was asked whether, today, the Black Muslims would fight for the United States in case of war.

"I can only answer for myself," he said. "I can't tell what the

## RETIRED VICE ADMIRAL DIES; WAS GRID STAR

MIDDLETOWN, Del. (AP)—Retired Vice Adm. John H. (Babe) Brown, former commander of the fourth Naval District and a one-time All-America football player, died at his home here. He was 71.

An All-America guard on the Naval Academy team of 1913, Brown went on to become a pioneer submariner.

When the United States entered World War II, he was in command of the cruiser Richmond. He earned the Legion of Merit with a combat "V" and a distinguished service medal for submarine service in the war. He was also awarded a gold star in lieu of a second Legion of Merit, for

other man would do I have nothing to fight for here."

What about the actions of the federal government in the field of civil rights, the Supreme Court decisions, and the rulings of many federal courts on behalf of the Negroes?

"That's not because of the Negro," he says. "The government hasn't fallen in love with the Negro."

Since their direction is toward separation of the race, the Muslims scorn Negro organizations and individuals who are working in the opposite direction.

The Muslims have been condemned as "black bigots" and "regressionists" by other Negroes. But it appears that they are rapidly gaining converts.

shoulder muscles.

For example, if while doing desk work a girl makes a practice of leaning on one arm, the shoulder above will begin either to drag down from strain or to push up against it. Eventually the shoulders are thrown off balance. The same result is fostered by many habits—always carrying a load of books in the same arm or standing with all the weight on the same foot.

The first step to correction is to find the damaging habit and put a stop to it. The next move is learning to carry the shoulders in a level position at all times. This may be difficult at first, for you must consciously raise the low shoulder and relax the high one.

The project is aided by slowly rotating the shoulders, from front to back, several times daily. But like so many other figure problems, this one can be solved only by keeping everlastingly at it.

Piling into a half dozen cars, everyone at the place drove off ahead of the twister. They were about a mile away when the funnel swept into the farmyard.

## Next Pope Will Direct Church For Many Years

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP) — The struggle among the cardinals in choosing a new Pope will shape the direction of the Roman Catholic Church for years.

The conservatives and those who favor a more liberal policy, when they begin June 19 to elect from among themselves a successor to Pope John XXIII, may hit a stalemate and have to settle on a compromise.

Still, he could be a surprise, one way or the other. Pope John was. He was a compromise and turned out in his short reign of about 4½ years to be the most progressive and adaptable Pope in the 20th century.

### NEED CHANGE

That the word liberal can be used to describe some of the cardinals who feel the Church needs changes to adjust to new times is in itself a mark of change.

Only 72 years ago, when Pope Leo XIII wrote his famous encyclical, *Rerum Novarum* ("Of New Things"), he denounced liberals in the world by name.

It was a time when part of the liberal tradition was anticlerical but was particularly associated with European economic thinkers, especially in Britain, who urged free enterprise without government control or interference.

They were the social Darwinians, operating under the philosophy of Herbert Spencer's dog-eat-dog society in which the rich were considered superior and the poor deserved to be poor because they weren't smart enough to get rich.

LEO'S ENCYCLICAL

But it was in that encyclical that Pope Leo urged consideration for workers and suggested labor unions. By the time he wrote it in 1891, already some programs of social welfare for workers had been started, but only on a tiny scale.

Pope John, in his encyclical this year, *Pacem in Terris* ("Peace on Earth"), went far beyond Pope Leo's thinking and urged cradle-to-the-grave welfare programs.

Nothing showed the changing times better.

Now liberals are no longer associated with the concept of unlimited free enterprise and the word liberal is not identified with

anticlericalism. Some Catholics consider themselves liberal, some conservative.

Liberals today in the economic field, concerned for the general welfare, urge government controls on business. Pope John, unlike Pope Leo, didn't condemn liberals in his encyclical. He didn't mention them.

The most recent visible sign of change in thinking among Church leaders came from Richard Cardinal Cushing, Roman Catholic archbishop of Boston and one of those who will choose the new Pope.

He expressed views in the June 15 issue of *America*, a Jesuit weekly, which would have seemed impossible 50 years ago.

LIFT RESTRICTIONS

He predicted that the Church's canon law on marriage would be changed as an outgrowth of the Ecumenical Council which Pope John had called into session last fall, the first in almost 100 years.

It is expected to resume this fall. Cardinal Cushing said "canon law is the result of pastoral needs" but that the "needs of one time are not the needs of another" and may not be of "much help to a later generation."

He said, "In fact, they can sometimes be a hindrance in the care of souls." He also urged the gradual elimination of the procedure connected with the Church's index of prohibited books.

CLOSER UNITY

Pope John wanted closer unity in the Christian world between Catholics and non-Catholics, he wanted reforms in the Church. These were his main reasons for calling the Ecumenical Council.

But in the council meeting approval has to come from those taking part in it, not only cardinals but other church leaders from around the world. It is the cardinals alone who elect a Pope.

But Pope John, in the social and political fields, took steps on his own. For instance, by suggesting a world government and opening the door a bit to dealing with the Communist world. Millions of Catholics are behind the

## FACTS ON POPE AND THE PAPACY

The present system of electing a pope originated more than 800 years ago. The longest period of time taken by the College of Cardinals to elect a pope was "two years, nine months and two days." Seventeen cardinals stayed behind locked doors during this period before electing Gregory X.

During the election of a pope each cardinal formerly had to provide his own food. Since 1878 a kitchen has been part of the conclave.

There is no law which reserves the papacy to cardinals but since 1378, when Urban VI was elected, none but a cardinal has been elected pope.

The election of a pope was not always reserved exclusively to cardinals. In ancient times the pope was elected like the bishops, by the clergy and by the people of Rome.

Three purses of gold, silver and copper coins, of the number of the years of the pope's reign, are buried with him.

St. Linus, who succeeded St. Peter as pope, is responsible for the rule that women should never enter a Catholic church with uncovered heads. It is believed that St. Paul recommended this rule to the pope.

The pope's body is placed in three coffins, one within the other. One is made of lead, one of cypress and one of oak. The pope is placed in the cypress coffin. This is placed in the lead coffin, which is then screwed into the oak coffin. The body remains in the choir chapel until a tomb is ready.

Seventy-nine popes have been canonized as saints in the Catholic church. The first was St. Linus. The last was St. Pius, whose pontificate ended in 1914.

After a pope dies his Fisherman's Ring is broken at the first meeting of the curia. The ring is made of gold with a representation of St. Peter in a boat fishing and the name of the reigning pope around it.

The incorporation of Estonia into the Soviet Union in August, 1940, has never been recognized by the United States.

## SOLONS HURRY TO END SESSION BY END OF JULY

By THE ASSOCIATED PRESS

HARRISBURG (AP) — Legislative leaders made ready today to begin the drive winding up the 1963 session of the General Assembly with July 31 as a tentative target.

Nearly two dozen committees called meetings to break the backlog of legislation bottled up most of the session.

Among the important measures reported ready for committee discussion and possible approval for floor action were proposals for a convention to rewrite Pennsylvania's constitution and the three so-called states rights amendments to the U.S. constitution.

SENATE TO FOLLOW

The House readjusted its work schedule for earlier starting times the remainder of the session. The Senate plans to follow suit next week.

Both houses skimmed through light work schedules Monday.

The Senate put off temporarily consideration of House amendments to the bill setting up a police making state Board of Education.

SENATE GOP Floor Leader James S. Berger said he wanted to study the intent of the changes which would make the superintendent of public instruction the chief administrative officer of the board, but without a vote.

FINANCE BILL

In the House, the administration introduced its \$992.9 million general appropriation bill to finance the day-to-day operations of state government.

The measure represents the bulk of Gov. Scranton's proposed \$1.121 billion general fund budget. Appropriations bills for spending another \$87 million were submitted last week.

Introduction of the spending bills always is the harbinger of adjournment.

In the House Monday night, bills were passed and sent to the Senate that would:

Permit volunteer fire companies and ambulance services to use the Pennsylvania Turnpike toll free (194-0).

Require bus companies offering reduced rates to school children to make such rates uniform for all such children (193-1).

Permit first and second class townships to regulate housing (195-0).

Place the Allegheny County Fire Department under civil service (196-0).

## Truckers Want Higher Weight

HARRISBURG (AP) — Pennsylvania truck weight limits would go up more than 13,000 pounds under legislation before the Senate.

Introduced Monday by the trucking industry with the support of the state Chamber of Commerce, the measure would raise from 60,000 to 73,200 pounds the limit that may be carried by five-axle tractor trailer combinations.

The Chamber of Commerce claimed the higher limit would make the trucking industry and state manufacturers more competitive with those in other states.

The measure sets a top weight for the five-axle rigs at 71,145 pounds, but with a 3 per cent tolerance already on the books the actual weight permitted would be 73,200 pounds—the limit for federal interstate highways.

Sponsors of the bills are Sens. D. Emier Hawbaker, R-Franklin; Stanley G. Stroup, R-Bedford; and Clarence Bel, R-Delaware.

## JFK TO CHOOSE TOP ENVOY FOR NUCLEAR TALKS

By LEWIS GULICK

WASHINGTON (AP)—President Kennedy is expected to select his chief negotiator for the Moscow nuclear test ban talks by the end of this week.

Informants who reported this today said Kennedy is considering men both inside and outside the government.

One name mentioned often in advance speculation is that of John J. McCloy, a former U.S. high commissioner for Germany. He is a New York banker who has had considerable experience both in disarmament talks and in dealing with the Russians.

### MID-JULY MEET

The U.S. negotiating team and a companion British group are slated to meet with Soviet representatives in mid-July for another try at ending the long deadlock over a pact to outlaw atomic testing.

Washington authorities attached importance to Soviet Premier Khrushchev's agreement to the meeting after six months of Russian disinterest in test ban talks at the 17-nation general disarmament conference in Geneva.

They tempered this with considerable caution.

It was understood that Khrushchev, in responding late last week to the call by Kennedy and British Prime Minister Harold Macmillan for a meeting, gave no hint that he was going to give ground on his terms that the West has found unacceptable in the past. The Soviets have offered two or three inspections a year to police the test ban, but have refused to spell out what type of inspections. The West has called for seven on-site inspections.

### OPTIMISTIC THEORY

An optimistic theory was that Khrushchev has decided to get down to scientific details on what is needed for an underground test detection system—a matter his Geneva representatives have declined to discuss.

Sparking much interest among U.S. strategists was the relationship between the test ban talks and the July 5 Soviet-Red Chinese meeting in Moscow on their ideological rift.

By the time of the test ban talks, it was noted, Khrushchev should know how he stands in the parley with the Communist Chinese.

Kennedy sought to give added impetus to the forthcoming Moscow discussions by announcing that the United States will not conduct atomic tests above ground as long as no other nation does.

## Man Burned To Death In Truck Cab

IRWIN, Pa. (AP)—A Cumberland County man was pinned in the cab of his tractor-trailer truck and burned to death early today after his rig struck the rear of another truck on the Pennsylvania Turnpike.

State police said the victim, M. Wayne Stump, 21, of Mechanicsburg, was traveling west when he apparently fell asleep one mile east of the Irwin Interchange.

Stump's truck hit a tractor-trailer driven by Ross Russell, 36, of Fayette City, R. I., police said, and a coil of steel on the victim's truck crashed forward and trapped him in the cab. The truck then caught fire.

Russell escaped injury.

## STORM CAUSES HEAVY LOSS IN PENNSYLVANIA

By THE ASSOCIATED PRESS

A lightning-triggered general alarm fire that destroyed a four-story storage building in McKeesport highlighted widespread damage caused Monday by stormy weather across Pennsylvania.

The western end of the state bore the brunt of the thunderstorm activity, which spread rapidly through the central section into the southeastern part.

Firemen battled the blaze in the McKeesport business district for about three hours before bringing it under control. Four firemen were injured, none seriously.

Police said lightning ignited the fire which spread downward from the roof of the old brick structure. Merchandise of Wander's Television Sales was stored on the first floor while tires filled the upper floors.

Two neighboring establishments were damaged by smoke and water.

### STRUCTURE BEFORE

Police said the building originally was five stories, but lightning hit the top floor several years ago, and the floor had to be removed.

Damage was not estimated. Elsewhere in the Pittsburgh district, a lightning bolt knocked a chunk off the Gateway Parking Garage, damaging a car driven by Harold Addis of Hopewell Twp., Beaver County.

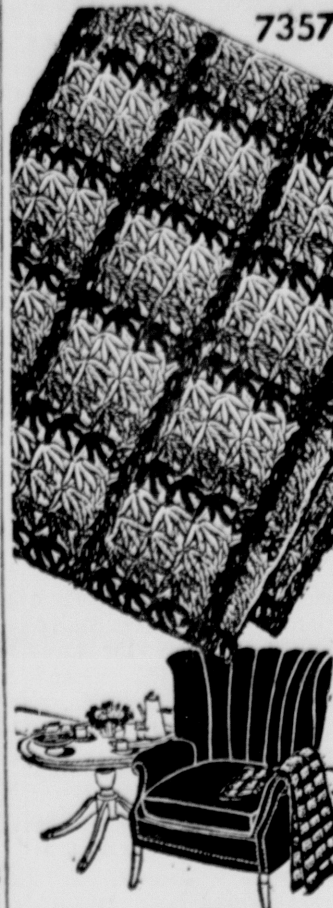

The temperature in the district plunged 26 degrees in two hours in the late afternoon and early evening, from 92 degrees to 66.

Several homes in Beaver County were damaged slightly by fires touched off by lightning. Power lines were ripped down throughout Washington County. Electrical power also was disrupted in parts of Somerset, Blair, Cambria and Indiana counties.

In Crawford County, a storm knocked down trees and electric and telephone lines. All of the county's highway employees were called out to clear debris from roads.

tance of only seven yards. The ball hit Boxberg's head and bounced more than 60 yards away. Boxberg played on, apparently unaffected. During the night he became ill and died.

## ELGART WILL PLAY HERSHEY

Les Elgart, known in the music business as "the trumpet player's trumpet player," brings his "sophisticated swing" to the Hershey Park Starlight Ballroom for dancing Saturday, June 15, starting at 8:30 p.m.

Before he started his own band in 1947, Les was a featured trumpet player with Bunny Berigan, Charlie Spivak, Harry James, Woody Herman, Hal McIntyre and Billy Butterfield. During this association he gathered his own ideas on how a band should be built, plus a definite conception of the sound it should make.

The Les Elgart band hit the business with great reaction. With some magnificent arrangements by Charles Albertine, Les created a band style that has swept the nation. "Sophisticated Swing" is a collection of dance numbers originally "picked up" by the very selective college groups. Modern music, as played by the Elgart band, simply means a good solid beat, divorced from the shackles of yesterday's music. The band's two-beat interpretations are conceived for dancing, but its harmonies and counterpoints are aimed at the ears of a musically discriminating and discerning generation.

NO CHANGE: The House Ways and Means Committee has rejected President Kennedy's recommendation that the special tax treatment of dividend income be repealed.

The administration had said that dropping the provision, included during the Eisenhower administration, would increase government revenues by some \$460 million a year.

A taxpayer now is permitted to exclude from his taxable income the first \$50 of dividends and to deduct from his tax bill a sum equivalent to 4 per cent of his total dividends.

The committee also voted Monday for a liberalization of drug purchase deductions for persons 65 and older but rejected a proposal that could have encouraged purchase of private medical insurance.

## PILOT KILLED WHEN 'CHUTE FAILS TO OPEN

JOHNSVILLE, Pa. (AP)—A 39-year-old Navy pilot ejected from a plummeting F9F single-engine jet Monday, but was killed as he slammed into the ground when his parachute failed to open.

The plane crashed on the grounds of a convent and girls' school in Richmond, Bucks County, about 500 yards from the nearest building.

The body of Lt. Cmdr L. W. Cordell of Northampton Hills, Churchillville, was found about one thousand yards from the wreckage of his plane.

Cmdr. G. T. White, plans and program officer at the Johnsville Naval Air Development Center, said White had been on a research flight and was apparently approaching the field when the plane crashed eight miles east of the Johnsville center.

Stanley Stapoyra, a worker at the Villa Joseph Maria Convent, said he saw the plane approach and the low altitude rapidly.

Stapoyra said he saw the canopy fly off the plane and the pilot soar high into the air.

"All we can assume," said Cmdr. White, "is that he was too close to the ground and that the parachute didn't have time to open."

Cordell, a native of Greencastle, Pa., is survived by his widow, the former Elaine MacLean of Philadelphia, and their seven children: Linda D., 17, Joseph E., 16, Eric A., 15, Cheryl Ann, 13, Craig L., 12, Ellen J., 11, and Michele, 7.

## DISCOUNT FIRM MAY BUY CHAIN

HARTFORD, Conn. (AP) — A Johnstown, Pa., lawyer negotiating the sale or lease of three stores in Pennsylvania owned by the bankrupt Scot's Discount Enterprises Inc., has been given an additional two weeks to complete mortgage arrangements.

U.S. District Judge M. Joseph Blumenfeld granted the delay to attorney Norman Krumenacher, who had received another two-week delay on May 27.

The stores up for sale or lease are located in Johnstown, Wilkes-Barre and Lebanon.

Krumenacher did not identify his possible clients, but it was indicated that Miracle Mart, a large discount chain in the New York-New Jersey area, is one of the firms interested.

Meanwhile, other parties said they have other plans for the stores.

Edward Rogin, counsel for Robert L. Krechevsky, trustee of Scot's Inc., the real estate subsidiary of Scot's Discount, said Krechevsky has worked out an agreement with Cost Discount Inc., a new firm of former tenants of the stores, who want to take them over July 1.

And a group of creditors of Scot's Inc. is trying to reorganize the firm under Chapter X of the Bankruptcy Act.

## BRITISH PROBE SECURITY OF PROFUMO CASE

LONDON (AP)—Britain's lord chancellor continued today to probe into whether the nation's security was breached as a result of the Profumo affair.

Prime Minister Harold Macmillan ordered the inquiry into the shadowy background of the scandal that rocked his government after War Minister John Profumo quit in disgrace.

Macmillan's position as head of the government and of the Conservative party was also periled by charges that he was fooled too easily by Profumo's deceit. But aides said he had no thought of resigning.

Profumo quit last Wednesday, confessing he had had an improper relationship in 1961 with Christine Keeler, a 21-year-old party girl.

Although Profumo denied any security breach was involved, Christine at the same time was the mistress of Capt. Eugene Ivanov, then the assistant Soviet military attaché in London. Macmillan assigned Lord Dilhorne, the lord chancellor, to study the security aspects of the affair.

The government announced that Dilhorne's inquiry had been in progress since before Profumo quit, raising the question why the government kept it a secret until Monday.

The almost unavoidable conclusion, said the Times of London, was that Macmillan believed no security issues were involved, even after he ordered the inquiry.

Because of his responsibility as head of British security, Macmillan faces a crisis of confidence in his leadership of the ruling Conservative party. Political observers regard his appearance in the House of Commons next Monday as the crisis point in his career.

MIDDLETOWN, Del. (AP)—Adm. John H. (Babe) Brown, 71, a veteran of 43 years in Navy service before his retirement in 1954, died Monday. Brown, one of the Navy's pioneer submariners, was an All-America guard on the 1913 Naval Academy football team and a former president of the National Football Foundation. He was born in Canton, Pa.

The government denies the convicts involved are political prisoners.

## SOUTH RESISTS KENNEDY PLEA IN RACE FIGHT

WASHINGTON (AP)—The Kennedy administration has pulled out all the stops in an effort to transcend the threat of racial disturbances into action by Congress on civil rights legislation.

Atty. Gen. Robert F. Kennedy, in a series of conferences Monday with Senate and House members, was reported to have described the country as being on the verge of widespread disorders.

While Kennedy got pledges of strong Northern Democratic backing, he ran into stonewall resistance from Southern senators to his pleas for action to knock down racial barriers in public places and to give him authority to initiate civil rights suits.

## FORESEES DISORDER

Kennedy was said to have told

the senators and House members somberly that violence and disorder may assume national proportions unless swifter progress is made toward integration.

While Southerners appeared impressed by the gravity of the situation, Sen. Richard B. Russell, D-Ga., said they would not go along with proposals that "aim another blow at property rights in this country."

Sen. Harry F. Byrd, D-Va., acknowledged in a 76th birthday appearance before the National Press Club that a "great racial crisis" exists in both the North and South. He said he hopes there will be no violence.

But he said in a later interview Southerners will have no other recourse than to filibuster in the Senate against the measures President Kennedy may send to Congress next week.

VANCOUVER, B.C. (AP)—Shirley Owen said Monday she has received a check from the Canadian government for the refund she sought on her 1962 income tax form—one cent.

## Liston To Fight Clay On Sept. 30

BOSTON (AP)—The Boston Herald said today that champion Sonny Liston and Cassius Clay have agreed to meet for the heavyweight boxing title at Philadelphia Sept. 30.

Columnist Bud Collins quoted Bob Nilon, brother of Liston's advisor from Philadelphia, Jack Nilon, as saying the bout has been agreed to and his brother is en route to London with an agreement for Clay to sign.

Nilon said the fight is contingent upon Liston beating Floyd Patterson in their return match at Las Vegas July 22, and upon Clay whipping Henry Cooper in London June 16.

IOANNINA, Greece (AP)—Nine-two Greeks taken as hostages by Red guerrillas in the 1947-49 Greek civil war were returned to Greece from Albania Monday. With them came 100 head of livestock. Albania allowed 129 hostages to return to Greece in January.

## 3 NATIONS TO KEEP PEACE IN SOUTH PACIFIC

By CARL ZIMMERMAN

MANILA (AP)—Neutralist Indonesia agreed today to join a loose confederation with strongly pro-Western Malaysia and the Philippines to preserve peace and security in the South Pacific.

The chief threat to this peace and security was seen as Communist China.

The foreign ministers of the three countries, after a conference here, also agreed to ask Secretary-General U Thant of the United Nations in the territories scheduled to join Malaysia in the new Federation of Malaysia really want to join.

### TO RESPECT CLAIM

The ministers also decided that the Philippine claim to British North Borneo will be respected and entertained when the federation is formed, reliable sources reported.

The union of Malaysia, Singapore and British territories in North Borneo, to be known as the Fed-

eration of Malaysia, is not the same as the confederative confederation the three countries agreed to form among themselves today. Although the confederation binds none of the countries to any specific policies or actions, officials here are hoping it will lead to some major changes in crisis-ridden Southeast Asia.

### ANTI-RED NATIONS

The confederation will mean a linkup of sorts of Indonesia with two anti-Communist countries—Malaysia and the Philippines—on the basis of their common racial and cultural heritage.

There has been no clear public indication as to how the three countries can resolve the dispute over the projected Federation of Malaysia, the question that brought them together in this conference.

There still seems to be a possibility that no compromise will be reached between Malaysia, which would lead the federation, and Indonesia and the Philippines, which have opposed it.

Delegates here recommended that Indonesian President Sukarno, Malaysian Prime Minister Tunku Abdul Rahman and Philippine President Diosdado Macapagal hold a summit conference here not later than the end of July.

(Continued From Page 1)

Lefever, membership chairman, showed that 40 memberships have been renewed during May and that Mrs. Mervin H. Benner and Miss Joyce Lupp became new members.

The report of Mrs. Robert Bush, office secretary, showed that 812 persons attended 41 meetings in the Y during the month, with 122 volunteers serving. Miss Ann Gilliland reported that the Gettysburg Garden Club will judge the flower boxes for Campaign Gettysburg.

### HEAR REPORTS

Devotions were conducted by Mrs. N. A. Meligakes, religious emphasis chairman.

The board decided to enter their flower boxes, which were a gift of Mrs. W. Stewart Paul, a past president, in the flower box competition of Campaign Gettysburg.

A report was read from Mrs. Roy H. Hammond, personnel chairman, concerning efforts to obtain an executive secretary and a Y-Teen secretary.

Thirteen members attended the meeting. Board meetings will not be held during July and August.

road into a deeply eroded gully and flipped over, trapping most of the passengers huddled in the back and crushing some of them. Some were thrown clear.

Many of the injured were treated at the scene when police and doctors arrived from Panguitch which is about 80 miles northwest. Private cars carried the more seriously hurt and dead to the Panguitch hospital.

That facility could accommodate only about 10 of the casualties and the rest had to be distributed to hospitals in towns up to 100 miles away from the accident.

Hole-in-the-Rock, which is actually a crevice in the towering Glen Canyon walls along the Colorado River, is a landmark in Utah history. It was here the Mormon missionaries were able to cross the river and settle the colonized southeastern section. Nearby, the Escalante River, the last major river discovered south through the dull red dust and sand. It was found by a group from the second John Wesley Powell expedition down the Colorado River in 1871-72.

BAGHDAD, Iraq (AP)—The Iraqi government prepared today to launch full-scale military action against Kurdish rebels in oil-rich northern Iraq as the Kurdish leaders defied a 24-hour surrender ultimatum.

"This means war," a Kurdish spokesman said after the government issued its ultimatum Monday and accused the Kurds of showing bad faith during negotiations for the autonomy they had been fighting for.

## Carl Sandburgs To Mark 55th Wedding Anniversary

EDITORS NOTE—For more than half a century, Mrs. Carl Sandburg has chosen to remain out of the public's eye while her husband became one of America's most well known literary figures. With their 55th wedding anniversary approaching Mrs. Sandburg granted an Associated Press newsmen a rare interview.

By RICHARD C. BAYER

### York Springs

FLAT ROCK, N.C. (AP)—Mrs. Carl Sandburg, whose memory matches her wit, recalled that when she married her poet husband 55 years ago Saturday they "weren't so darn sure it was going to last."

"We entered into the marriage with the agreement if either of us wanted to quit, the other would say, 'all right,'" she added. "Now we're waiting for our 75th anniversary. That will really be something."

For more than a half a century Lilian Paula Sandburg has remained quietly in the wings while her husband—poet, historian, novelist, Lincoln biographer and twice a Pulitzer Prize winner—played a leading role on the American literary stage.

### GRANDMOTHER, 80

Visitors to Connemara, the Sandburg farm here, are met by a woman who looks every bit the part of the 80-year-old grandmother that she is. But when the conversation starts they find a woman with a bright and youthful outlook still possessed with the desire to exchange and express ideas.

"Carl Sandburg was so independent he wouldn't have allowed any woman to make a mess out of him," she said. "I don't believe there's a woman behind every great man."

Mrs. Sandburg was a school teacher in Princeton, Ill., when in 1907 she met Sandburg, a Social-Democratic party organizer at party headquarters in Milwaukee. Letters and poems followed her back to Illinois.

### GOOD ORGANIZER

"Carl had all the makings of a good organizer. He was forthright and easy to talk with," she remembered. "But when he sent me a copy of his collection 'In Reckless Ecstasy,' I saw a different man. I thought he was just a little better than Whitman."

In six months they were married. There was no ring and "obey" was omitted from the vows.

After 55 years of married life,

Mrs. Sandburg looked to the two geniuses she has known best, her husband and her brother, Edward Steichen, the renowned photographer.

"People often think artists are difficult to live with. Carl and my brother are the most reasonable people I've ever known," she said.

Mrs. Nora Lee, who is in charge of the White Ribbon recitals, told about the aim of the White Ribbon service after which Mrs. Lee conducted a White Ribbon service and James Roy Williams, infant son of Mrs. Roy Williams, became a member of the White Ribbon recruits. During this service, Alice Heikes read the Scripture. Mrs. Ruth Fadenrecht led in prayer and Anna Beth and Dwight Fadenrecht sang a duet "When He Cometh to Make Up His Jewels" accompanied at the piano by Roselyn Fadenrecht.

## JFK DECISION DRAWS REBUKE FROM DIRKSEN

WASHINGTON (AP)—President Kennedy's announcement of a Moscow conference on a nuclear test ban stirred new friction with Republicans and apparently fell short in rallying key Senate support.

Senate Republican Leader Everett M. Dirksen of Illinois expressed indignation that the President had made his announcement of the meeting and of the cessation of atmospheric tests Monday without any advance consultation with the Republicans.

"We Republicans are expected to play the bipartisan game on foreign policy," Dirksen said in an interview. "Yet when some decision of this sort is made we are not consulted in advance. We are expected to go along without even knowing what the President is proposing."

Dirksen objected to holding the meeting of representatives of the United States, Britain and the Soviet Union in Moscow. He said it ought to be on neutral ground.

### WANTS TRUTH

The Republican leader also said he wants to know whether reports are true that the United States will be represented at the session, expected to be held in July, "by someone outside of the government."

Dirksen demanded to know in the Senate if the meeting will become one of "concession and more concession to Khrushchev to achieve some kind of test ban treaty."

Dirksen's criticism reflected an uneasiness on the part of many senators that the United States might be trapped in some agreement that would not provide fool-proof inspections of what the Russians were doing.

Sen. Hubert H. Humphrey of Minnesota, the assistant Democratic leader, said glowingly that the President had "re-dedicated the nation to peace as a realistic and imperative goal."

Sen. Barry Goldwater, R-Ariz., a possible rival for Kennedy in the 1964 presidential election, said the President is "dead wrong" in agreeing to the conference and in suspending atmospheric tests in the meantime.

**SMART THIEF**  
NORTH VERNON, Ind. (AP)—A burglar stole some paint from a store and owner Lawrence Day inserted this ad in the local paper the next day:

"Even the thieves know the best paint to steal."

ville, attended the Adams County Court, Tuesday June 4, and presented New Testaments and rosebuds to two women and a little girl. Stephanie Tauscher, Clara Hershberger and Kim Moon Ja Jacoby, when they became citizens of the United States.
